Education	Bachelor's Degree, University of Taipei
Languages	Native Chinese English for professional use (Intermediate)
Work preference	Taipei, Taichung, Kaohsiung On-site, Hybrid, Fully Remote
Collaboration	Engineering, operations, support, finance, compliance, marketing, and external vendors; 10-15 stakeholders

Selected Experience

Product Manager, Trading Platform Operations | Australian CFD brokerage | Aug 2024 - Present | Taiwan

- Own product coordination across MT4/MT5, in-house platforms, payment routing, KYC checkpoints, CRM workflows, and operational issue handling.
- Integrated Binance stablecoin rails and multiple global payment providers to improve payment-flow resilience and routing options.
- Restructured payment and KYC workflows, saving more than USD 10K per month in fees while improving conversion and operational stability.
- Improved finance-site SEO performance by 3x, strengthening organic acquisition and global brand visibility.

SEO Program Manager | Cross-region | 2023 - 2024

- Managed SEO strategy and operating cadence across 20+ machine-tool brands, standardizing content operations and technical SEO execution.
- Introduced AI-assisted short-video and content workflows to improve output consistency and cross-team collaboration efficiency.

- Connected SEO execution with CRM funnel tracking and business-development follow-up, supporting 20 contracts per year.

Product Manager / System Integration PM | Custom POS and information systems | 2021 - 2023 | Taipei

- Planned POS interfaces, membership flows, and in-store operating scenarios for live retail environments.
- Integrated e-invoice and third-party APIs, defining data flow, field mapping, migration logic, and edge cases.
- Delivered POS and website go-live within 1 month while supporting customer training and launch stabilization.

Selected Projects

Trading Platform Operations | Finance infrastructure

Owned workflow priorities, cross-team coordination, and KPI governance across trading-platform operations.

- MT4/MT5 and in-house platform coordination
